Appendix 1 – Consent	7

Background

- This policy covers the recording, use, storage and deletion of still and video images at the school. It should be read in conjunction with the school's data protection, e-safety, CCTV and acceptable use policies. Any examples used in this policy are not exhaustive and the school is able to make decisions on a case by case basis.
- Legally this area is covered by the following:
 - Data Protection Act 2018: The image of a child is personal data covered by the act unless taken by parents/carers for purely personal use. This means that a school must comply with the Data Protection Act 2018 (GDPR). Schools are permitted to take, use and store and display images when this forms part of the public task of educating children, disposing of them after the child has left. Schools will need to seek consent for other uses of images such as websites social media or newspapers.
 - Education Act 2002 - Obligations to safeguard the welfare of pupils. This may have an impact on children whose location cannot be revealed for safeguarding reasons.
 - Article 8 European Convention on Human Rights - Privacy issues/breach of the child's right to respect for private life. For example, a parent/carer may object to their child's image being taken or shared.
 - Article 10 European Convention on Human Rights - The parent/carer's right to freedom of expression. For example, a parent/carer may wish to record the Nativity play.

Safeguarding

- Safeguarding of young people should always take precedence when considering when photographs and videos are appropriate. In particular, schools need to consider if they have young people who:
 - are looked after, particularly if the parents of the YP are not allowed access
 - are adopted
 - are in protected accommodation
 - have a parent or family member who is not permitted access.
- Please see the school's Keeping Children Safe in Education Policy for further details.

Permission to Take and Use Images

- Consent is not required when the use of images is purely for educational purposes, for instance for assessment of learning. This is covered as part of the "Public Task" of the school.
- Consent will be required when images are used beyond the school, for instance on the school website. It is good practice to ensure that the record of consent is approved as accurate and up to date by the parent/carer on a regular basis. We collate photographic/videography consent via Forms online annually. *See Appendix 1 for consent form.*
- A record of all consent details will be kept securely on file. Should permission be withdrawn by parents/carers at any time, then all relevant images will be removed and disposed of and the record will be updated accordingly.
- Images will not be taken of any child or young person against their wishes. A child or young person's right not to be photographed is to be respected.
- School visitors may only take photographs with the specific permission of a member of the Senior Management Team when consent has been correctly obtained.

Taking, Storing and Retention of Images and Videos

- As images and videos are personal data this should be processed in accordance with the school's data protection policy.
- Only official school owned equipment (e.g. work provided digital or video cameras) will be used by staff to capture images of children for official purposes. Use of personal cameras or phones by staff is prohibited at all times.
- Staff will receive information regarding the safe and appropriate use of images as part of their safeguarding training and responsibilities.
- Images will be stored securely, for example, by using password protection, restricting the number of people who have access to the files, and ensuring adequate firewall and anti-virus software are in place. If the device is portable this will be encrypted.
- Images will be securely deleted from non-encrypted devices on a regular basis
- Images will not be kept for longer than is to be considered necessary, and in any event, not exceeding a maximum of three years after the child has left the school. A designated member of staff (DPO) will ensure that systems exist so that all photographs are permanently wiped when no longer needed.
- The school's management team reserve the right to view any images taken. Members of staff (including volunteers) will ensure that all images are available for scrutiny and will be able to justify any images in their possession.

Processing Images Off-Site

- Any image taken off-site will comply with the requirements of the school's data protection policy.
- The school will ensure that any use of a cloud based storage system complies with the requirements of the school's data protection policy. The school will comply with the Information Commissioner's Office Guidance on the use of cloud computing.

Use of Images/Videos by Children

- The school will discuss and agree age appropriate acceptable use rules with children regarding the appropriate use of cameras, such as, places children cannot take the camera (e.g. unsupervised areas, toilets etc.).
- All staff will be made aware of the acceptable use rules regarding children's use of cameras and will ensure that children are appropriately supervised when taking images for official or curriculum use.
- Members of staff will act as role models of positive behaviour to the children by encouraging them to ask permission before they take any photos.
- Photos taken by children for official use will only be taken with parental/carer consent and will be processed in accordance with the Data Protection Act 2018.
- Parents/carers will be made aware that children will be taking photos/videos of other children and will be informed how these images will be processed.

School Trips

- Volunteers helping on school trips must be made aware of any rules restricting the use of personal devices to take photographs.

- The school will decide if children are allowed to use their own cameras, phones, tablets and other connected devices, during a school trip on an individual event basis.
- Personally owned tablets, phones and other connected devices are not permitted to be used on school trips due to difficulties supervising the suitability of images shared over the internet.

Appropriate Events and Locations

- There are some risks involved when taking photographs of some sporting occasions when children are not fully dressed. These apply to both the child, whose image may be misused, as well as the adult who could be accused of taking inappropriate images. The general advice is that children should not be photographed unless appropriately dressed.
- It is not permissible to record images when children are changing.
- In general it is advisable not to record images of children in swimming costumes, but under specific circumstances the school may decide it is appropriate for instance :-
 - Moderation for PE or Swimming Teacher Assessment
 - Celebration of a child showing significant progress with swimming
- The Amateur Swimming Association (ASA) guidance on photography states that all photographs must observe generally accepted standards of decency, in particular:-
 - Action shots should be a celebration of the sporting activity and not a sexualised image in a sporting context.
 - Action shots should not be taken or retained where the photograph reveals a torn or displaced swimming costume.
 - Poolside shots of children should normally be above the waist only in a swimming costume, though full length tracksuit shots are approved.
 - Photographs should not be taken from behind swimming blocks at the start of a race or exhibit young swimmers climbing out of the swimming pool.

Use of Webcams/Skype etc.

- Parental/carer consent will be obtained before webcams or video conferencing will be used for curriculum or educational purposes.
- Recordings will only be made with the consent of all parties taking part.

School Website/School managed Social media

- Permission will be obtained from parents/carers before a child's image is uploaded to the school website or social media platform. (See Appendix 1)
- Children's full names will not be used on the website or Social Media in association with photographs.
- The school will not include any personal addresses, emails, telephone numbers, on videos, on the website, in a prospectus or in other printed publications.
- Children's work will only be published with their permission or their parent's/carer's consent.

Parental/Carer Photography

- Many parents/carers will want to record some of the special moments in their child's school life and the law does not prohibit this. However, it is possible that they will also capture images of children other than their own, with a possible impact on their privacy.

- This is a problematic area with contributory factors:
 - Freedom – some parents/carers will want to take pictures of their child at an event, and some will not.
 - Privacy – it is possible that any image captured may have other children in it.
 - Safeguarding – there is a potential that images may be misused. There can be particular concern regarding looked after children
- The school bans parental/carer photography at events to ensure the safeguarding of all children, staff and members of the community.
- The school will ensure that parents/carers are aware of any restrictions on photography and will publicise this prior to the event and bring it to the attention of parents/carers at the start of the event.
- Parents/carers have the right to ask for their child not to be photographed. On some occasions that may result in the child being unable to take full part in an activity.
- If parents/carers are made aware that photography is allowed at an event, consent must have been obtained from all participating parties prior to the event. If a parent/carer objects, they must contact the senior management team at the school.

Social Media

- Uploading pictures to social media may cause further complications. A parent/carer publically sharing images of other people's children with no controls on privacy may be a breach of data protection rules. However, sharing images of their own children is not a breach of data protection rules.
- Parents/ carers will be reminded that any images or videos shared on social media will be shared only with immediate family and that appropriate privacy settings must be applied. Also, images of someone else's child(ren) is not appropriate unless they have sought permission from the child's or children's parent/carer.

Press Photography

- Where a press photographer is to be invited to celebrate an event, every effort will be made to ensure that the newspaper's (or other relevant media) requirements can be met. A written agreement will be sought between parents/carers and the press which will request that a pre-agreed and accepted amount of personal information (e.g. first names only) can be published along with images and videos.
- The identity of any press representative will be verified and access will only be permitted where the event is planned, and where press are to be specifically invited to attend. No authorisation will be given to unscheduled visits by the press under any circumstances.
- The photographer will be issued with visitor identification, which must be worn at all times.
- Every effort will be made to ensure the press abide by any specific guidelines should they be requested. No responsibility or liability however can be claimed for situations beyond reasonable control, and where the school is to be considered to have acted in good faith

See Press Consent Form, Appendix 2.

School Photographs

- Professional photographers who are engaged to record any events will be prepared to work according to the terms of the school's Online Safety Policy.
- Photographers will be issued with visitor identification, which must be worn at all times.
- Photographers will sign an agreement which ensures compliance with the Data Protection Act and that those images will only be used for a specific purpose, subject to parental/carer consent.

- Photographers will not have unsupervised access to children and young people.

Photographs by Members of the Public

When children are taken out of the school grounds, for instance, on a visit it is possible that they could be photographed by members of the public. If the child's privacy is of paramount importance the risk of this should be discussed with parents/carers and appropriate steps taken (see Looked After Children section below).

Looked After Children

- Photographs of looked after children should usually only be taken with the agreement of the person who holds parental responsibility. However, in some circumstances, consent could be obtained from the child's social worker, foster carer or a relative. Please see the school/relevant teacher who is part of the child's care team if you are unsure about who can give consent.
- The school/relevant teacher will be part of a looked after child's care team and attend meetings and looked after reviews; they should know any potential risks regarding any adults or if the placement is protected.
- Looked after children should expect to have as normal an experience as they can and they should not be singled out because they are in care.
- If a child's identity or privacy needs to be protected this should be discussed with the parent/carers and appropriate steps could be agreed. This could include:-
 - Restricting parental photography for all at events
 - Subtly removing the child before photographs are taken
 - Siting the child with the teacher to allow the teacher to take active steps to reduce the possibility of the child being photographed
 - Sensitive withdrawal of the child from the event with an explanation to the child

Appendix I - Consent

Photograph and Video Consent

Taking photographs and videos of children and young people

Discovery Federation recognises its responsibility to ensure the welfare and safety of children and young people and to comply with the General Data Protection Regulations 2018. You may wish to refer to our privacy notice on our website, which explains how we use your data, and your rights and responsibilities.

We use photographs and videos for a number of reasons including celebrating and recording children's successes. These images or videos may be used on display boards, screens and on our website and our social media site. Your child's identity will not be disclosed without your consent and only if the photograph is used to celebrate individual success.

Photographs and videos will only be recorded on school owned equipment and will not be kept for longer than is to be considered necessary and, in any event, not exceeding a maximum of three years after your child has left the school.

If you are concerned about the privacy of your child, we would like to encourage you to make an appointment and discuss your concern with a member of the senior management team so we can take appropriate measures to protect them. Mrs C. Robson (Deputy Headteacher at Moorside Primary) is our Data Protection Officer and she is a safeguarding lead alongside Mrs H. L. Templeton (Headteacher), Mrs J. Williams (Acting Deputy Headteacher at New Brancepeth) and Mrs D. Pears/Mr S. Latta (School Operations Managers in each school).

On some occasions, if we do not have permission to use the image of your child, it may result in your child not being able to take full part in some school events.

Please answer the questions on the attached consent form, then sign and date where shown. Please return the completed form to the school as soon as possible. It is the parent's/carers responsibility to inform the school if circumstances change and you wish to withdraw consent.

I give consent for you to record and use images or videos of my child in the following ways:

Consent	Please circle your answer		
	YES	NO	N/A
EYFS children only: In 'Spotlights' and the online platform of iTrack which are used to show a record of your child's learning in Nursery and Reception. They are used as part of the school's processes to record teaching and may have photographs and videos of your child to demonstrate their learning.	YES	NO	N/A
Printed photographs of my child(ren) for use in their own exercise books to display the work that they have completed.	YES	NO	
On many occasions, children will be learning in pairs or in a group and their image may appear in another child's spotlight, iTrack log or exercise book. We need to ask permission for this to be shared with these parents/carers, too.	YES	NO	
School website (shows trips and activities and celebrates children's successes).	YES	NO	
School Twitter/Facebook (shows trips, activities and celebrates children's successes).	YES	NO	
General publicity (includes use by the L.A and for training purposes).	YES	NO	
Use by the press and other broadcast media or groups who visit the school to work with them educationally.	YES	NO	
Consent for children to be seen by other children in school and other children across our Federation on the webcam during whole school or whole Federation assemblies as part of their class. E.g. may be to celebrate success or it may be that they are performing in or leading an assembly with their class. Please note that this will always be led by a staff member.	YES	NO	
Consent for the school-arranged professional photographer to take photographs of my child(ren) on the designated dates both individually and in family groups which will then be sent to parents/carers to purchase if they wish.	YES	NO	
Consent for the school-arranged professional photographer to take photographs of my child(ren) on the designated days as part of their whole class which will then be sent to parents/carers to have the option to purchase. NB: We are not sure if we will be arranging these types of photographs this academic year but will inform you if so.	YES	NO	
Consent for school to distribute exercise books (that children have worked in) to take home at the end of the academic year. Please note that if there are children in classes who do not give consent for this, we will not be able to send books home as there will be photographs of children working together in them and we go through a lot of books! In some instances, we like to keep books as evidence, in the case of Ofsted etc., to prove the work that has been covered and showcase all of the hard work of children and staff. If your child's book is one that we would like to keep for an additional year, we will speak to you about this and send the book home the year after.	YES	NO	

Discovery Federation will take all steps to ensure images and videos are used solely for the purposes they are intended. If you become aware that these are being used or shared inappropriately, please contact the school.

Name of Child _____ Class _____

Name of Parent/Carer _____

Signature _____ Date _____

Consent shall be obtained every school year and will last for the duration of that school year, unless consent is withdrawn. Images may be kept for no longer than necessary and will not be kept for longer than is to be considered necessary and, in any event, not exceeding a maximum of three years after your child has left the school.

You can withdraw consent at any time. To do this please contact: Mrs D. Pears or Mr S. Latta (School Operations Managers) in the respective school offices.
